The Zulu Villa

Decorated in the theme of the Zulu, our Zulu Villa offers spaciousness, elegance, seclusion & overlooks the camp's waterhole!

The villa itself boasts warm neutral colours to compliment the surrounding African bush, but also represents the inspiration taken by the attire worn by the Zulu culture.

Warfare and decoration were a central pillar within the Zulu tradition, and typical décor consisted of spears and shields, as well as colourful beads. The vitality and energy of Zulu people, typified

spears and shields, as well as colourful beads. The vitality and energy of Zulu people, typified through dance, storytelling and a strong sense of identity is very much evident in modern times and in our Zulu themed suites.

We love our Guests

INCREDIBLE!

"Where do I start with Makumu?! For anyone that is hesitating to book, you will not regret it. This place is magical and it genuinely felt like a home away from home. The lodges themselves are

absolutely stunning - beautifully decorated, and the common areas such as the pool are also beautiful. My husband and I spent most of our free time playing pool and watching the elephants in the distance! As we were on our honeymoon, we were truly spoilt, and were able to enjoy private dinners which was a lovely experience.

The staff are all incredibly friendly and accommodating. Each day, the food was made with so much love and felt home-cooked. They went above and beyond to also meet our dietary requirements. The game rides themselves were very exciting - we managed to see everything except rhinos, and the rangers and trackers were extremely knowledgeable and made the entire experience really enjoyable. A particular shout out to Julie and Richard!

This was by far the highlight of our honeymoon. It was an extremely special place and no review can do it justice. Thank you all!"
