Wildlife Update

The highlight for the past month was definitely the massive pride of 25 lions with cubs right in front of the lodge for 3 days straight, constantly roaring and keeping our guests up all night!

We also had fantastic leopard sightings, one in a tree with an impala kill. We stayed with him for a few hours, much to our guests' delight.

Elephants have also been around in abundance, some herds even coming to our garden for a nice taste of our plants! While guests were enjoying a massage we had a few come right up to camp, a truly magical experience.

We spent a few hours down at iThumbela, our Photographic Bunker, and enjoyed some lovely sightings of giraffe drinking and cooling off at the pan.

Join us at Makumu to share in these amazing experiences! [Contact us](#) now to book.

Stay safe + healthy.
