The Place For Every Special Occasion!

Makumu is all about Special Occasions! What isn't there to celebrate with the new motions of South African travel, especially as we approach season. We are finally seeing the light at the end of a long dark tunnel... and we're sure you're feeling it too. Have you had to postpone your wedding? Your anniversary getaway trip? Or just your much needed family holiday. We hear you. Whichever it is, we want you to spend your special occasion at Makumu Private Game Lodge and we will make it **EASY**.

Wedding Packages

Tying the knot has become an event that's forever changing, with more couples taking the less traditional approach. Intimate weddings have become more popular because of a few reasons... For starters it is a lot less stressful, and you can relax and spend quality time with your closest friends and family, you also save a ton of money, leaving you with more budget and freedom to have any type of wedding you want!

But let's talk about a Makumu Style Wedding... because that's what we're REALLY here for! Not only is a wedding in Africa the most memorable experience you'll ever have, but it's the perfect location to show you how your BIG day can in fact be SMALL, yet grand in personality.

Wildlife Update

Summer is here and we can't be more excited for what's to come. Beautiful, green, lush's bushveld and African rainstorms. Welcome to another update from the Klaserie Private Nature Reserve and Makumu Private Game Lodge, your home away from home.

Wild Dog

We had an incredible sighting of +- 20 Wild Dog Pups this month, with guests having a special *Safari Experience* with the Wild Dogs approaching the waterhole as they were enjoying their morning coffee!

Cheetah

Cheetah sightings are not a regular occurrence as the vegetation here is not suited for them. So, when one of the game vehicles found 2 cheetahs walking down the road it was quite the highlight for many guides. They were busy hunting, looking for food but were unfortunately unsuccessful.

Lion

Guests truly had a front row seat to an amazing lion encounter this month as at 4am, they were woken to the loud noises of lions growling and roaring. As they looked out their window, there was the super pride taking down a kudu right between the rooms on the grass patch.

Hyena

We have a very pregnant hyena hanging around Malembeni waterhole, so hopefully pretty soon we will have some hyena cubs running around!

Elephant

Guests had an awesome sighting where they were surrounded by a big herd of elephants eating and drinking by the water dam. A very young calf in the herd really entertained the guests by throwing its new trunk from side to side and wobbling on their new legs trying to walk.

Guest Review

"We had the most amazing visit to Makumu. The staff were incredible and knowledgeable - most importantly, very friendly. What a little piece of Heaven. Food was amazing (especially the breakfasts) The rooms are so beautifully decorated and spotlessly clean. We can't wait to visit again."
